

WINTER PLANNER 2012

**With your family, your favourite snow buddy, your mates, flying solo
or you are just a snow bystander - Thredbo is for everyone**

A young woman with long brown hair is smiling warmly at the camera. She is wearing a white knit beanie with blue ski goggles perched on top. Her jacket is white with purple accents. The background is a snowy, out-of-focus landscape with snowflakes falling around her. The text is overlaid on the right side of the image.

**Snowflakes settle on
your eyelashes, a crisp
alpine breeze ruffles
your beanie and now it's
your time to shine and
peacefully glide through
freshly fallen snow...
welcome to winter.**

NEW TO THE SNOW?

Here are a few tips to make your snow holiday not only a good one but a great one to remember.

BEGINNERS GUIDE TO THREDBO

DO YOUR RESEARCH

Research – Learn about resort facilities and activities through the website and also look at a resort map so you can familiarise yourself with the mountain and the grading of the mountain trails before you arrive.

Interact – Talk to other snow lovers via Thredbo's Facebook page, visit snow forums, follow us on Twitter.

Get physical – Prepare yourself physically before you visit. Join a ski fit program at the gym or ask a trainer at your local gym for some snow specific exercises.

Get the right gear – For adults and children you need to make sure all your gear fits. If you borrow gear from a buddy make sure you are comfortable and it fits properly before you go. For skis and boards get a trained technician to tweak settings for your safety. You can hire all you need for the snow in Thredbo.

Layer up – It is best to wear layers so you can add and remove small items of clothing as conditions allow.

Make the most of your day – and take a lesson. As a minimum you should take at least a couple of lessons to get you up and going and stopping with confidence. This is particularly important for kids.

Pre-purchase – To save time while you're on holidays pre-purchase your lessons, hire and lift passes in advance. It is well worth looking for season deals and packages as well: store.thredbo.com.au/estore/

Ask for help – If you have friends that ski or snowboard don't be embarrassed to ask for tips – they will be more than willing to impart their knowledge if it means an extra skiing buddy.

TIPS FOR TAKING KIDS TO THE SNOW

Educate – Read snow books, tell snow jokes, do snow colouring in and show fun photos of people in the snow.

Test run – Get the kids to wear their gear around the house before the holiday and do a few test runs of putting goggles, boots, skis, gloves and clothing on before the big day.

Protection – Helmets, goggles, sunscreen and sunnies are a must in the snow.

Have a backup – Whenever you can, have back-ups of basic items. Having two pairs of gloves, an extra beanie, socks and dry shoes will ensure a happy child at the end of the day.

Be organised – Pre-purchase and fill out all your paperwork the day before. Take your child through the day's events and even drop by Thredboland to familiarise yourself and the children.

Carry snacks – Giving your child a muesli bar or snack to have in their pocket is a good way to keep their energy levels up.

Watch the sun – regularly apply liberal amounts of sunscreen and have a good lip balm close by.

Above all else, ensure your child understands they are at the snow to have fun.

Kids love the snow

Whether they are making the biggest snowman, rolling the best snowballs, catching snowflakes on their tongue or learning to ski - the snow is a place of enchantment. Thredbo has captured this magic of the snow, mixed it with a fun team of instructors and created one of Australia's best on-snow children's learning centres catering for littlies aged from three years old.

Thredboland and Freeriders program highlights:

- **The fibre optic flare run** – The children ski Friday Flat with a fibre optic torch with the Thredboland animals in hot pursuit.
- Getting your **skill badge** to show how much you have learnt.
- **Race day** – put all the new skills together for race day – includes a special photo for show and tell.
- **Animal Theatre** – the Thredboland animals get together for a special show for their special friends.

KIDS LO

THREDBOLAND

Thredboland is the coolest place for snow loving littlies aged 3-6 years. The program has been specially designed to take children through the stages of skiing in a professional yet fun, safe and happy environment. The indoor and outdoor team are specifically trained to teach and nurture this age group, as they do need extra special attention. You will be amazed at how quickly they progress.

Children's snowboarding group lessons and programs commence from 7 years of age only. Children wishing to have snowboarding lessons under the age of 7 will need to be booked into private lessons.

OPEN ALL YEAR ROUND

When the thaw is on, beanies and snow boots are swapped for sun hats and walking shoes and skiers and boarders are traded for hikers and bikers. Thredbo blooms and the village buzzes with a stack of cultural events and activities.

Mt Kosciuszko

At the top of Thredbo's year round chairlift you're only 6km from the top of Australia's highest mountain, Mt Kosciuszko. Guided and self guided walks and a very special Kosciuszko Sunset Walk are on offer throughout the warmer months.

Chairlift open every day

There's a chairlift open 365 days a year for visitors to access Mt Kosciuszko and the spectacular views across the Thredbo Valley and High Country. It's a 15 minute ride to the top where there's even a restaurant for coffee and cake or a leisurely lunch.
